## **ST MARK'S UPDATE #14**

During the third week of September, five heritage officials from the cities of Ville St Laurent and Montreal visited St Mark's for a heritage inspection. They will write a report on the heritage value of the St Mark's building, then meet with our architects later this month to discuss with them the exterior architectural plans. This heritage process has delayed our exterior planning; in the meantime our interior planning has been delayed by design challenges with the electrical and heating systems. Working within the structural constraints of an existing building, designed for a different era, can be complex. Our architect continues to work with structural, electrical, and mechanical engineers to provide cost estimates for the renovations. (This will include estimates for geothermal heating and electric solar panels). We will bring the cost estimates to the congregation.

Several weeks ago some members of St Mark's and St Peter's met to design the new kitchen. The date for renovation work to begin is not yet clear—we had hoped the work would begin this month but the electrical and heating challenges have postponed this. We have also had stained-glass experts visiting St Peter's to give us guidance and costs for moving some of our windows to St Mark's; those we do not take with us will be offered for sale first to parishioners, then to others.

When the renovations begin on the Hall at St Mark's, the Chinese congregation will temporarily move to St Peter's. We are still aiming to move into the Hall at St Mark's after Easter next year (so late April, or early May, 2019). While we are using the Hall, work will be undertaken on the main worship space; we hope to be able to move out of the Hall and into the main worship space by Advent 1 (end November, 2019).

If you have any questions, please do not hesitate to ask Chris or Corporation members

## PLEASE PRAY FOR

**When praying for our merger with St. Mark's, you may wish to include the following:**

Philippians 4:19 "And my God will supply every need of yours according to his riches in glory in Christ Jesus."

Jeremiah 3:15 "And I will give you shepherds after my own heart, who will feed you with knowledge and understanding"

Let us PRAY with thanksgiving that one of the ways he has met our needs is to provide us with leaders (shepherds) after His own heart. And also PRAY that God will meet their needs for physical and spiritual strength "according to his riches in Christ Jesus".

Philippians 1:9. Paul says to the Philippians: "...this I pray, that your love may abound more and more, with knowledge and all discernment"

PRAY that through the merger process, we will love each other. This means to love those whose opinions are different than ours and to love those who are new to us.

Philippians 4:6-7 "Do not be anxious about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God. And the peace of God, which surpasses all understanding, will guard your hearts and your minds in Christ Jesus."

PRAY these members and friends of St. Peter's have significant health concerns: Don Climo, Ave McDowell, and Tim Keener's father.
